

Registration Offices in Germany

The SympatMe Guide

Here you can find information about the address, telephone number and opening times of your local registration office. Note that most websites are in German but the links lead you directly to the page where you can find the relevant information. If you can make an online appointment at the registration office, it will be indicated below.

If the website states “nur mit Terminvereinbarung” it means that you must have an appointment. You can always call to make an appointment. If it does not state this, you can just go during normal opening times.
